

# Result of the survey made to the members of the Association

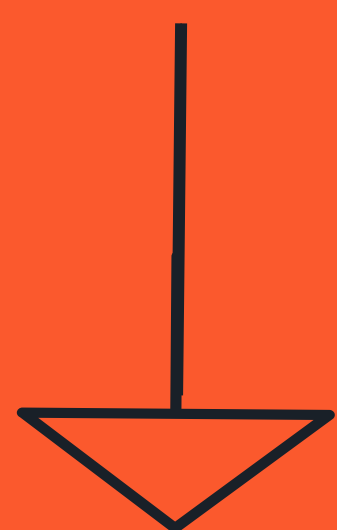

## What do you expect from the Association?

### Legal defense service

**7 % They have ever  
used it**

**75 % They are  
satisfied**

**83 % The Association  
defends the profession,  
watching the job offers**

### Opinion on what should be improved

- + Companies subcontracted in public archives that offer precarious employment conditions to their employees
- + Eliminate subcontracting and promote direct contracting
- + The Association does not have enough weight and strength in front of the administration
- + Update job offers published on the web, and do so quickly, post more and show working conditions transparently
