

Archives and Artificial Intelligence

Call for archivists, records management professionals and data scientist to participate in a thematic residency

The Society of Catalan Archivists and Records Managers (AAC), in collaboration with the Ramon Llull Institute and [InterPARES Project](#), opens a call for 20 researchers focused on "Archives and Artificial Intelligence" to stay at the [Faberllull Olot](#) (Catalonia).

The call offers a working and exchange space for projects in this field that are currently being developed or planned (individual or collective), prioritizing those that belong to a working group or have international participation.

At the end of the residency there will be a sharing of the projects developed, focusing on the problems and solutions. It will be open to students and professionals in the sector.

Who can apply?

- Researchers of InterPARES Trust AI project.
- PhD (pre-doc, post-doc) or master's students with a related research.
- Researchers and professionals who work on Artificial Intelligence, Archives, and Records Management.

How to submit the application?

Send an email to internacional@arxiv.org with in the subject 'Candidature IA&Archives' and the following information:

- Contact details (name, surname and contact address).
- Place of residence.
- Curriculum vitae (maximum 2 pages).
- Professional presentation letter (written in third person for the website, maximum 100 words - [example](#)).
- Letter of motivation to participate in the residency.
- Brief description of the project to be developed (maximum 2 pages). In the case of collective projects, the project coordinator only needs to attach the description and the rest of the members just indicate which research they are participating in.

What is offered?

- 5-night stay at the Faberllull residence in Olot with accommodation and half board from April 24 to 28, 2023.

- Meeting with other researchers and professionals in the sector.

What does the candidacy entail?

- Availability during the days of the residency.
- Availability to participate in other activities that could be organized around the residence and that will be communicated beforehand.
- Participation in the final presentation of projects and other exchanges with professionals and researchers.
- Grant Image rights during the stay.¹

Deadlines and selection

- Applications can be submitted until January 7, 2023.
- Applications will be evaluated based on the quality of the project. The result will be made public on January 10, 2023 (the organization reserves the right to extend this deadline in the event of a large number of applications).

More info:

- **Where is Olot?** Olot is a city [located](#) in the North of Catalonia known for its natural landscape, including four volcanoes scattered around the city center and in the middle of the Natural Park of la Garrotxa. Olot is well known for its cultural activity, with historical art movements like Pictorial School of Olot, factories of religious imagery and, currently, the Design and Arts & Crafts School of Girona.
- **Conditions of the residence:** General information, Travel Information, Remarks, Medical Insurance, Rules and regulations in the [brochure](#)
- **Touristic information:** discover the city and surroundings by this [website](#).

1 You grant to Faberllull network, its representatives and employees the right to take photographs and videos of you during the stay and may use such photographs and video recordings with or without your name and for any purpose, including for example such purposes as publicity, illustration, advertising, and web content. With your stay, you're authorizing FaberLlull to include the photos on web, internal documentation and Faberllull Social Media Channels. Also, if we organize a press conference, media can take photos and videos of you.
