

## **Archives and Artificial Intelligence: Call for archivists, document management professionals and data scientist to participate in a thematic residency**

The Society of Catalan Archivists and Records Managers (AAC), in collaboration with the Ramon Llull Institute and InterPares Project, opens a call for 20 national and international researchers with the theme "Archives and Artificial Intelligence".

The aim of the call is to offer a working and exchange space for the projects in this field that are currently being developed (individual or collective), prioritizing those that belong to a working group or have international participation.

At the end of the residency there will be a sharing of the projects developed, focusing on the the problems and solutions. It will be open to students and professionals in the sector.

### **Who can apply?**

- Researchers of InterPares Trust AI project.
- PhD (pre-doc, post-doc) or master's students with a related research.
- Researchers and professionals outside InterPares project but interested or working in artificial intelligence and archives.

### **How to submit the application**

Send an email to [internacional@arxiviers.com](mailto:internacional@arxiviers.com) with in the subject 'Candidature IA&Archives' and the following information:

- Contact details (name, surname and contact address).
- Place of residence.
- Curriculum vitae (maximum 2 pages).
- Professional presentation letter (written in third person for the website, maximum 100 words).
- Letter of motivation to participate in the residency.
- Brief description of the project to be developed (maximum 2 pages). In the case of collective projects, the project coordinator only needs to attach the descriptiu and the rest of the members just indicate which research they are participating in.

### **What is offered:**

- 5-night stay at the Faberllull residence in Olot with accommodation and half board<sup>1</sup>.
  - April 24 - 28, 2023.
- Meeting with other researchers and professionals in the sector.

### **What does the candidacy entail?**

- Availability during the days of the residency.
- Availability to participate in other activities that can be organized around the residence and that will be communicated beforehand.
- Participation in the final presentation of projects and other exchanges with professionals and researchers.
- Grant Image rights during the stay<sup>2</sup>

### **Deadlines and selection**

- Applications can be submitted until January 7, 2023.
- Applications will be evaluated based on the quality of the project. The result will be made public on January 10, 2023 (the organization reserves the right to extend this deadline in the event of a large number of applications).
